You will stitch out all parts first. The front, back, 2 sides, top and unicorn pieces. These are all felties. Cut the square out of the top piece. That is the slit to put candy and cards in.

Step 1: Glue Bottom to back side. Use the tabs to glue it.

Step 2 : Glue another side to start framing the bottom.

Step 3: Glue 3rd side.

Step 4: Glue front.

Step 5: Glue Horn to the front center.

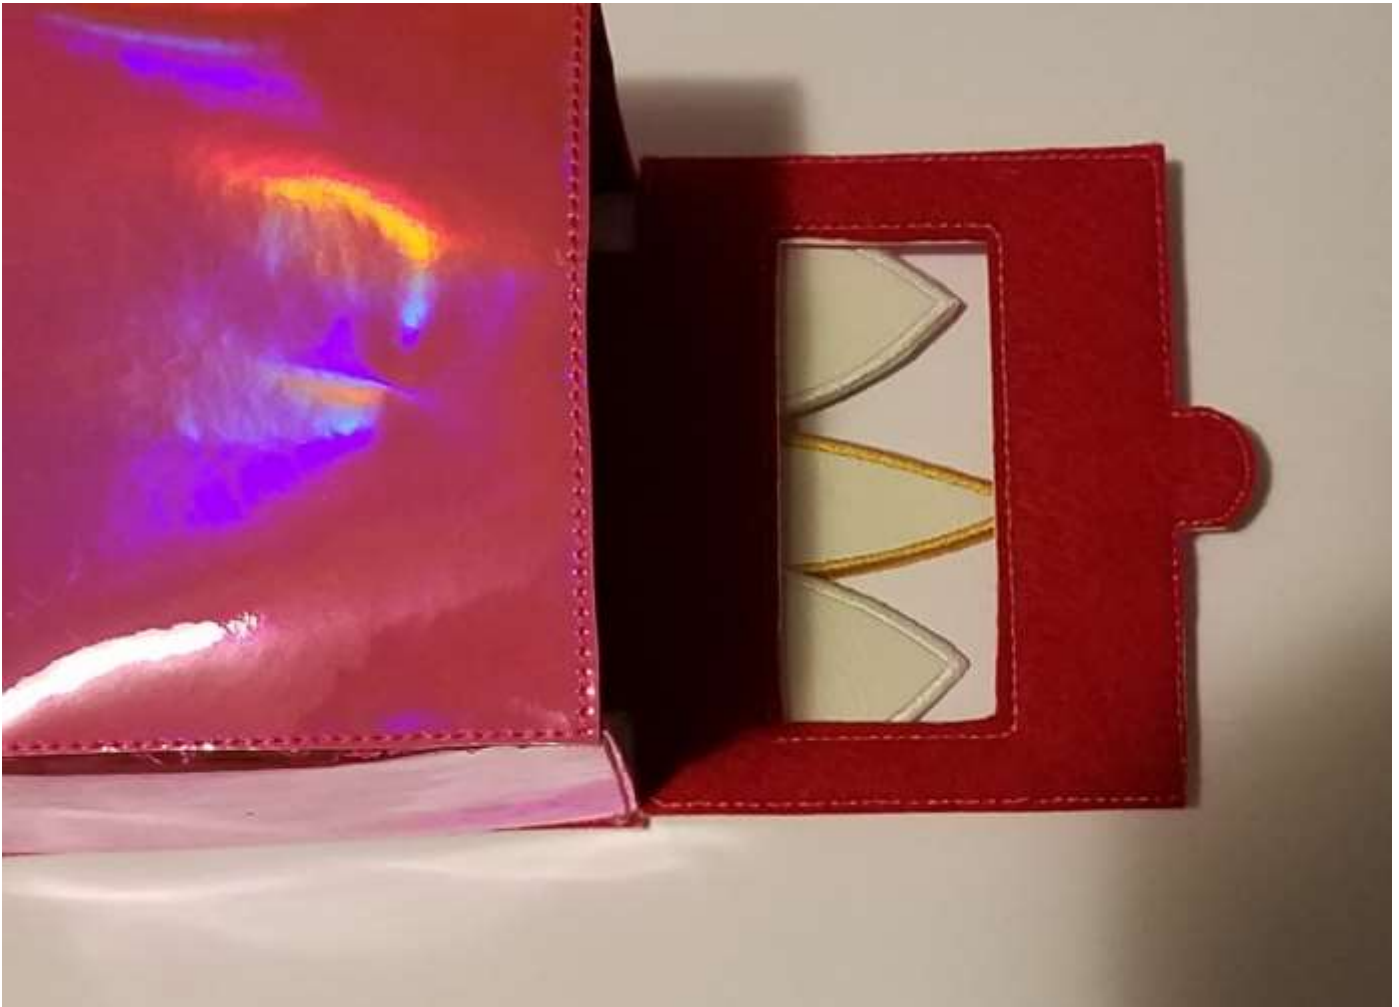

Step 6: Glue Hearts over the horn.

Step 7: glue the ears to the back side of the front piece.

Step 8: Then glue the top so that the tab for the lid is attached to the back of the front of the box.

Step 9. Add your snap to the lid once it's dry. Match up the tab placement to add the snap to the back of the box. Snap close and it's all done!
